

Creating a Branch View in SoftPro Select

Follow these steps to create a saved View of RealEC orders using the Branch PID (this is provided by your management).

Query Editor: New View* X

1. From the **360** ribbon, click the **Login** button

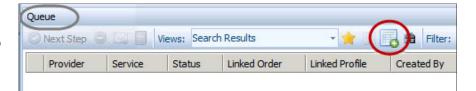

NOTE: If you do not have a 360 account, refer to SoftPro 360 – Registering for a New Account to complete the one-time registration process.

2. Once logged in, click the **360 Queue** button

This opens the **Queue** at the bottom of the screen.

3. Click the **New View** open the Query Editor: New View tab

Creating a Branch View in SoftPro Select

Once you've setup your Views, you can then add them to your Favorite Views on the 360 Queue toolbar.

1. Click the Favorite Views

- 2. Check the check box of the view you wish to add (you can add up to three views)
- 3. Click the **OK** button

Your three **Favorite Views** now appear on the toolbar preceded by the number of transactions in each view.

Click on the View name to see the list of corresponding transactions.
